criszaldivar03@gmail.com

LinkedIn, GitHub, and FlowMind Studio available from the personal website.

Profile

Austin-based developer and founder leading FlowMind Studio. I build professional websites, trustworthy digital systems, and clean public-facing experiences that connect clear communication, search visibility, and business credibility.

Selected Work

FlowMind Studio | Founder website | Development studio

My flagship business presence for web development, local SEO, and clear digital direction.

Link: <https://flowmindstudio.com/>

ZC Cleaning Services | Bilingual service website

A bilingual cleaning website built for local trust, fast contact, and mobile-first service clarity.

Link: <https://www.zcleaningservices.com>

Brilliant Cleaning Services LLC | Premium service website

A polished service website shaped to make the company feel established before the first call.

Link: <https://www.brilliantcleaningservicesllc.com>

UltraShine Inc. | Spanish-first local service website

A Spanish-first cleaning and painting website built for local visibility and estimate requests.
